

LENNEA BOOSTER

LENNEA BOOSTER

is an advanced skin rejuvenation solution designed to revitalize and hydrate your skin from within. Formulated with a unique blend of powerful ingredients, it aims to enhance skin elasticity, reduce the appearance of fine lines and wrinkles, and promote a youthful, radiant complexion.

LENNEA BOOSTER

Main Composition

- **PDRN (Polydeoxyribonucleotide) - 20mg/mL**
- **Cross-Linked Hyaluronic Acid - 11mg/mL**
- + Glutathione and Acetyl Hexapeptide-8

Packaging

- 3ml x 3 vials

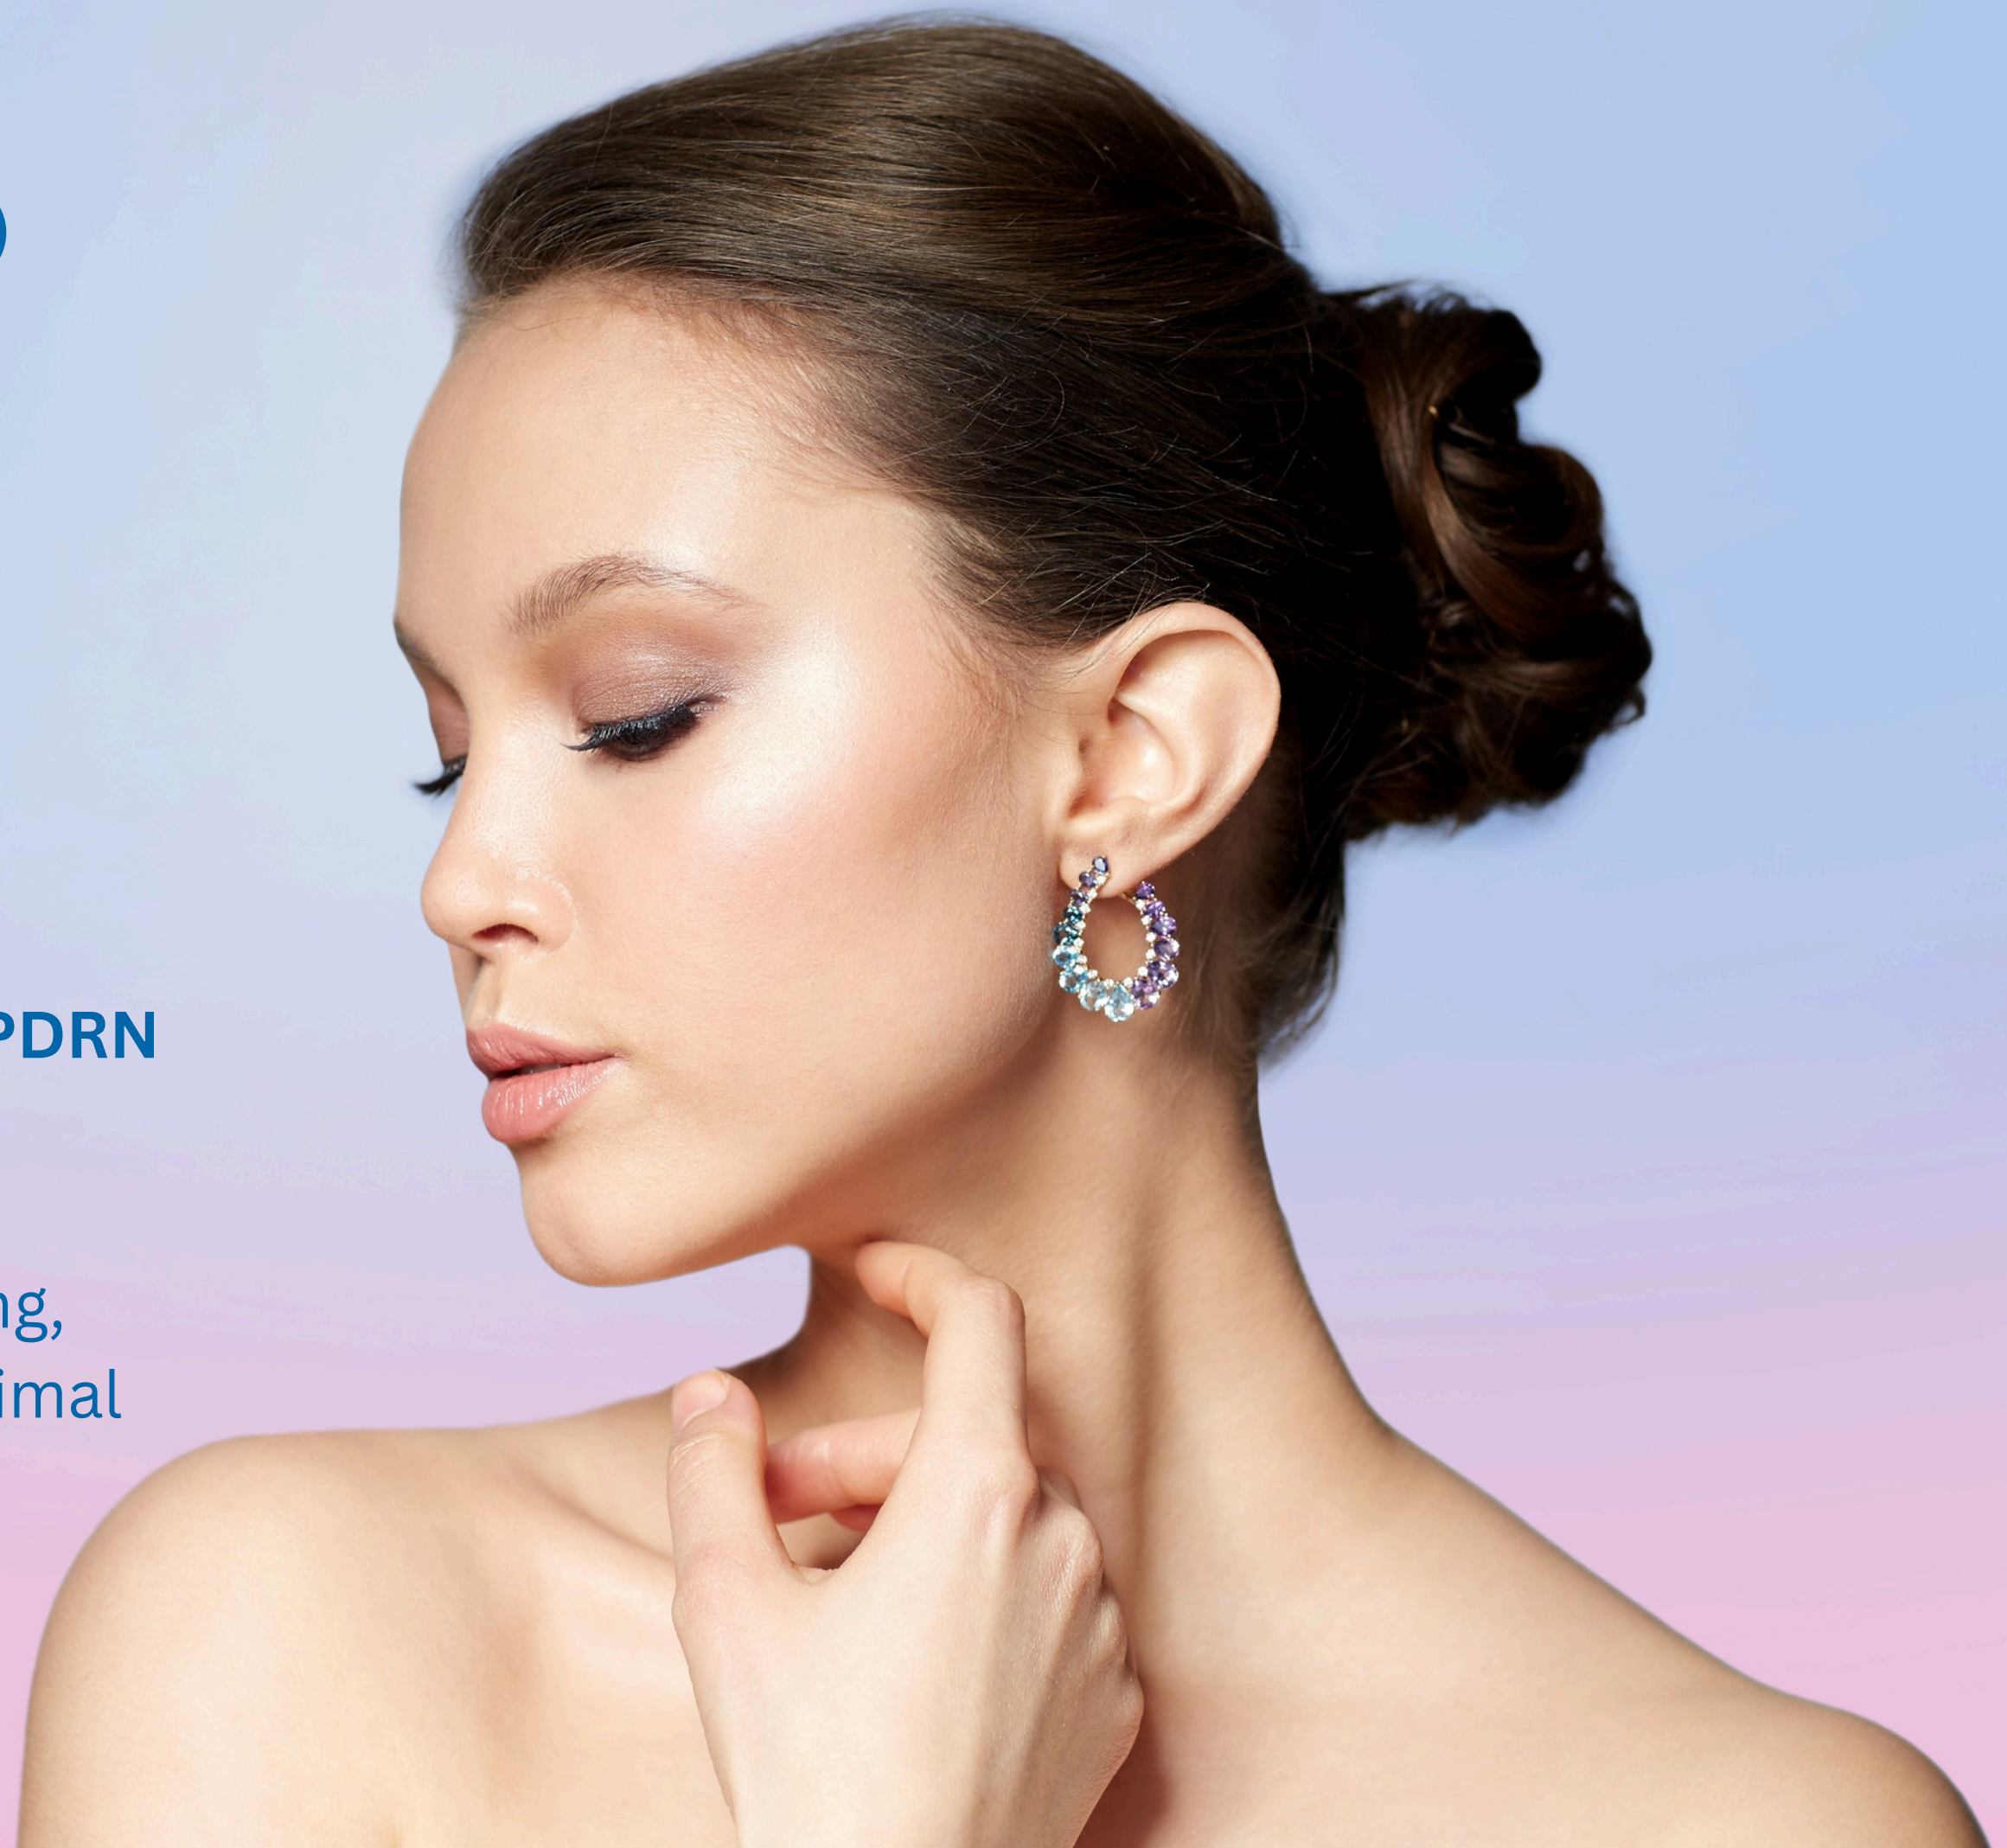

This innovative skincare solution enhances skin vitality and youthfulness through advanced technology and effective rejuvenation methods

LENNEA BOOSTER

Cross-Linked HA + PDRN

Combining **Cross-Linked HA** with **PDRN** for facial treatment enhances skin hydration, repair, and collagen production, offering natural-looking, long-lasting rejuvenation with minimal downtime.

LENNEA BOOSTER

Brightening Effect & Wrinkle Reduction

In Lennea Booster product is also added **Glutathione** and **Acetyl Hexapeptide-8**. Glutathione and Acetyl Hexapeptide-8 are beneficial as it reduce pigmentation, brighten the skin, diminish wrinkles and fine lines, and promote a youthful, even complexion.
